## Teaching Listening and Speaking: From Theory to Practice

While hearing provides a basis for listening, it is only a precursor for it. Though the terms hearing and listening are often used interchangeably in everyday talk, there are essential differences between them. While both hearing and listening are initiated through sound perception, the difference between them is essentially a degree of intention.

### **Section I Defining listening - Pearson UK**

Listening is the same as reading. In the Real World . . . I took my first foreign language class, Spanish, in seventh grade. It was the 1960s in California and, though I certainly didn't know it then, audiolingualism was the methodology of choice. I remember memorizing dialogues; for years, I could remember isolated snatches of them.
