WCCEAL is a group of dedicated people organized to improve the outcomes of individuals living in Wisconsin assisted living communities (ALCs). The state of Wisconsin recognized the importance of addressing quality in Assisted Living.

## **WCCEAL**

Forest Management Proposals and Silviculture Prescriptions are presented by the year in which they were proposed and then further by the Management Forestry District in which they are located. Proposals remain posted until the project is implemented with a timber sale or Home Fuelwood contract. Silviculture Prescriptions remain posted as long as a project is being actively implemented and at ...

A forest is a large area dominated by trees. Hundreds of more precise definitions of forest are used throughout the world, incorporating factors such as tree density, tree height, land use, legal standing and ecological function.

## **Forest - Wikipedia**

Trees may be the oldest and largest living things in nature. They are closely associated with our daily lives, yet most of us know little about them and barely can tell one type of tree from another.

Most of us sense that taking a walk in a forest is good for us. We take a break from the rush of our daily lives. We enjoy the beauty and peace of being in a natural setting. Now, research is showing that visiting a forest has real, quantifiable health benefits, both mental and physical. Even five ...
