The Maasai Maasai - A traditional tribe undergoing change The Maasai are traditional, semi-nomadic pastoralists in East Africa. In the 1550's they moved down along the Nile from Sudan and Egypt and brought with them knowledge on agriculture and cattle breeding. This migrational wave experienced a peak during the 18th century. During these

In the past, the Maasai and the wildlife simply lived together, in balance. If this could be re-established, by showing to the Maasai the economic value of the presence of wildlife in their land, the future of the land, of the wildlife and of the Maasai people will be assured. This is exactly what Maasai Wilderness Conservation Trust does.
